DURATION (YRS) : 4 Years

25th August 2023

The Office of the Academic Registrar is pleased to offer you an admission to the International University of East Africa (IUEA) to study the Bachelor of Science In Software Engineering, congratulations! Your classes and examinations shall be conducted on-campus according to the teaching and examination timetables published by your Faculty/Department.

By accepting your admission, you undertake to abide by all IUEA policies, procedures and regulations, including financial requirements, as published on the IUEA website or the IUEA Learning Management System or such other place as may be necessary and as amended from time to time. You also accept to be bound by further terms that may be introduced by the University at the various stages of your enrolment and from time to time during your studies at IUEA.

The duration of your admission shall be the duration of your programme and shall be subject to your compliance with the obligations as set out in this admission letter.

You must pay the required tuition and functional fees to secure your place on your chosen programme. Details of these requirements can be found attached to this letter. For any inquiries, please speak to one of our admissions officers at +256 705 722 300.

Please note that any students with foreign qualifications must have them equated by the Uganda National Examinations Board (UNEBC)

Your studies commenced on 21 August 2023, with orientation in the first week. If you who have not participated in the orientation, please endeavor to attend supplementary orientation which is offered on Mondays, Wednesdays and Saturdays from 11:00 AM – 12:00 PM at the University campus until such time as it will be deemed sufficient.

To complete your enrolment, please visit the University campus at Plot 1112/1121, Kansanga, Ggaba Road, Kampala, Uganda. If you are outside Kampala, please contact our admissions officers at +256-705-722300.

Before commencement and at all times during your studies, you must ensure that your student records are up to date as per the University regulations and that you have provided a digital passport size photograph of yourself. This can be done through the Enrolment Officer of the University.

You must be enrolled on the University's Learning Management System to commence your studies and you may be required to use that System for specific aspects of your studies and assessments. The University's Learning Management System shall complement but not replace your on-campus studies. For the avoidance of doubt, you have been admitted to study and complete your programme on-campus. By accepting your admission, you accept that the University shall use its Learning Management System to track your progress and enforce your financial obligations.

I take this opportunity to once again congratulate you on your admission to IUEA. We look forward to seeing you soon.

Yours sincerely,

Katushabe Gloria
